

COVID-19 UPDATE

Date: 28th April 2020

SPLITTERS FARM RESPONSE TO COVID-19

As all business adapt quickly to the health authorities advice surrounding COVID-19, Splitters Farm is no exception.

Following restrictions being eased this week, Splitters Farm will bring back its VIP Picnics combined with a SELF-GUIDED farm walk from Saturday May 2nd.

Tours are offered on a first in, best dressed basis between 10am – 2:30pm (times and availability on our website).

These steps are necessary so families can partake in their own self-guided tour of our farm knowing they can keep their distance from other guests at the property while they exercise. There will also be a 30min gap between each self-guided tour so individual families can leave before the next ones arrive.

We'll provide you with hand sanitizer and all the animal food you need on arrival and some info regarding our animals so you don't miss out on getting to know a bit more them and their stories.

Owner Carly Clark said today “We still believe two of the best things to avoid this virus are fresh air and sunshine, obviously as long as groups are taking physical distancing seriously and not congregating together indoors or outdoors”.

Online bookings for the tours are essential as we can only take one booking in each time slot offered.

For bookings head to our [website](#) or call 0438246318
